**EXTINGUISHING MEDIA**

*Use foam, carbon dioxide or dry chemical.*

**SPECIAL FIRED FIGHTING PROCEDURES**

*Wear NIOSH/MSHA approved positive-pressure self-contained breathing apparatus and protective clothing as specified in 29CFR 191.156*

**UNUSUAL FIRE AND EXPLOSION HAZARDS**

*Not a fire or explosion hazard.*
Section 5- REACTIVITY DATA

CONDITIONS TO AVOID

None

HAZARDOUS DECOMPOSITION PRODUCTS

None expected

Section 6- HEALTH HAZARD GUIDE

MAJOR EXPOSURE HAZARD

- Inhalation
- Skin
- Skin Absorption
- Eye Contact
- Ingestion

EFFECTS OF OVEREXPOSURE

INHALATION: Inhalation of dust may cause irritation of the respiratory tract with coughing, wheezing and difficulty breathing.

INGESTION: No adverse effects expected.

SKIN: May cause irritation and allergic reaction.

EYE CONTACT: May cause irritation.

CARCINOGENICITY: NTP? No IARC? No OSHA? No

CHRONIC HEALTH HAZARDS: None known.

MEDICAL CONDITIONS GENERALLY AGGRAVATED BY EXPOSURE: None known.

EMERGENCY & FIRST AID PROCEDURES

INHALATION: Remove from exposed area to fresh air immediately; keep warm and quiet, give oxygen if breathing is difficult. Seek medical attention.

INGESTION: Give 1-2 glasses of milk or water and induce vomiting. Seek medical attention if symptoms persist. Never induce vomiting or give anything by mouth to an unconscious person.

SKIN CONTACT: Remove contaminated clothing; brush material off skin. Wash affected area with soap or mild detergent and large amounts of water until no evidence of the chemical remains. Seek medical attention if irritation persists.

EYE CONTACT: Flush eyes with lukewarm water lifting up the upper and lower lids for at least fifteen minutes. If irritation develops call a physician.

Section 7- SPILL OR LEAK PROCEDURES

SPILL OR LEAK PROCEDURES

Wear appropriate respiratory and protective equipment. Isolate the area where the spill occurred and provide ventilation. Vacuum up the spill using a high efficiently particulate absolute (HEPA) air filter and place in a closed container for proper disposal or reclamation. Take care not to raise dust.

WASTE DISPOSAL METHODS

Observe all federal, state and local regulations when storing, disposing or for reclamation.
### Section 8- SPECIAL PROTECTION

| RESPIRATORY | NIOSH/MSHA approved dust respirator if dust is generated. |
| VENTILATION | General; local exhaust ventilation as necessary to control any air contaminants to within their PELs or TLVs during the use of this product. |
| EYE PROTECTION & PROTECTIVE CLOTHING | Wear Safety glasses with side shields for eyes. Appropriate chemical resistant gloves should be worn. Body protection as necessary to prevent skin contact. |

### Section 9- SPECIAL PRECAUTIONS

WORK/HYGIENIC/MAINTENANCE PRACTICES:
Implement engineering and work practice controls to reduce and maintain concentration of exposure at low levels. Use good housekeeping and sanitation practices. Do not use tobacco, food or drink in work area. Wash thoroughly before eating or smoking. Do not blow dust off clothing or skin with compressed air.

---

The information in this MSDS was obtained from sources, which we believe are reliable. However, the information is provided without any representation or warranty, express or implied, regarding the accuracy or correctness.

The conditions or methods of handling, storage, use and disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product.
