### Section 3- PHYSICAL DATA

- **MATERIAL IS (AT NORMAL CONDITIONS):**
  - □ Liquid
  - □ Solid
  - □ Gas
  - □ Other

- **APPERANCE AND ODOR:** White powder and pieces, no odor

- **MELTING POINT (BASE METAL):** 1872°C

- **SPECIFIC GRAVITY:** (Water=1): 8.2 Insoluble

### Section 4- FIRE AND EXPLOSION

- **Flash Point (Method Used):** N/A (Non-Flammable)
- **LEL:** N/A
- **UEL:** N/A

**EXTINGUISHING MEDIA**

*USE: Not Applicable.* Use suitable extinguishing media for surrounding materials and type of fire.

**SPECIAL FIRE FIGHTING PROCEDURES**

Firefighters must wear full face, self-contained breathing apparatus with full protective clothing to prevent contact with skin and eyes. Fumes from fire are hazardous. Isolate run-off to prevent environmental pollution.

**UNUSUAL FIRE AND EXPLOSION HAZARDS**

When heated to decomposition, Tantalum Oxide may emit toxic fumes.

Section 6- HEALTH HAZARD GUIDE

MAJOR EXPOSURE HAZARD

- Inhalation
- Skin
- Skin Absorption
- Eye Contact
- Ingestion

EFFECTS OF OVEREXPOSURE

To the best of our knowledge the chemical, physical and toxicological properties of tantalum oxide have not been thoroughly investigated and recorded.

INHALATION: Acute-may cause irritation to the nose & throat (may cause red, dry throat & coughing). Chronic-none recorded.

SKIN CONTACT: May cause abrasive irritation (may cause redness & itching). Chronic-none recorded.

EYE CONTACT: May cause abrasive irritation (may cause redness, itching & watering). Chronic-none recorded.

INGESTION: May be toxic by ingestion (may cause nausea & vomiting). Chronic-none recorded.

MEDICAL CONDITIONS GENERALLY AGGRAVATED BY EXPOSURE: Respiratory disorders, skin disorders.

TARGET ORGANS: No target organs effected

EMERGENCY & FIRST AID PROCEDURES

INHALATION: Remove victim from exposed area to fresh air; keep warm and quiet. Give oxygen if breathing is difficult and seek medical attention.

SKIN CONTACT: Remove contaminated clothing and shoes immediately. Brush material off skin and wash affected area with mild soap and water. Seek medical attention.

EYE CONTACT: Flush eyes with lukewarm water, lifting upper and lower eyelids for at least 15 minutes. Seek medical attention.

INGESTION: Give 1-2 glasses of milk or water and induce vomiting; seek medical attention. Never induce vomiting or give anything by mouth to an unconscious person.

Section 7- SPILL OR LEAK PROCEDURES

SPILL OR LEAK PROCEDURES

Wear appropriate respiratory and protective equipment specified in Section 8. Isolate the area where the spill occurred and insure that proper ventilation is available. Vacuum up spill using a high efficiency particulate absolute (HEPA) air filter and place in a closed container for proper disposal. Take care not to raise dust.

WASTE DISPOSAL METHODS

Observe all federal, state and local regulations when storing or disposing of this substance.
### Section 8- SPECIAL PROTECTION

**RESPIRATORY**
NIOSH/MSHA approved respirator.

**VENTILATION**
Local exhaust to maintain concentration at or below the PEL.

**EYE PROTECTION & PROTECTIVE CLOTHING**
Use safety glasses. Wear protective rubber gloves. Use protective gear suitable to prevent contamination.

### Section 9- SPECIAL PRECAUTIONS

Implement engineering and work practice controls to reduce and maintain concentration of exposure at low levels. Some of the chemicals listed herein are research or experimental substances which may be toxic, as defined by various government regulations. In accordance with Environmental Protection Agency regulations and the Toxic Substance Control Act (TSCA), these materials should only be handled by, or under the strict direct supervision of a “technically qualified individual” as defined in 40 CFR 710.2(aa). The above information is accurate to the best our knowledge. Plasmaterials, Inc. makes no warranty, either expressed or implied, with respect to the completeness or continuing accuracy of the information contained herein, and disclaims all liability for reliance thereon. Users should satisfy themselves that they have all current data relevant to their particular use.

---

The information in this MSDS was obtained from sources, which we believe are reliable. However, the information is provided without any representation or warranty, express or implied, regarding the accuracy or correctness.

The conditions or methods of handling, storage, use and disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product.
